

NUMIDIA

YOUR EXPERT PARTNER IN DAIRY

For the Marketing Intelligence Department at our HQ in Herten (Roermond) in the Netherlands, we are looking for a

MARKET INTELLIGENCE MANAGER (M/F) Fulltime

If you are interested in a challenging, international and dynamic function in a fast-growing organization, we are looking for you!

The position

As the Market Intelligence Manager, you will be responsible for leading a team of Market Intelligence Analysts to gather, analyze, and interpret market data and trends. You will play a pivotal role in providing strategic insights and recommendations to commercial management to drive data-driven decision-making. Next to that, you and your team will create dashboards, develop models, perform risk analyses, and are always seeking for opportunities to automate business processes. The ideal candidate will have a strong background in financial analysis, data technology, and leadership skills.

Tasks and responsibilities:

- Lead and manage a team of Market Intelligence Analysts, providing guidance, mentorship and support;
- Develop and implement comprehensive market research strategies to identify emerging trends, opportunities and threats;
- Conduct in-depth analysis of market data, including price analysis, supply and demand analysis and industry developments;
- Collaborate cross-functionally with multiple internal teams;
- Utilize advanced data analytics tools and techniques to extract meaningful insights from complex datasets.
- Prepare and present reports, presentations, and dashboards to senior management and stakeholders.
- Stay abreast of industry developments, regulatory changes, and macroeconomic trends to anticipate market shifts and opportunities
- Attending seminars, workshops and stay informed of new academic developments in applicable fields.

We offer:

- A challenging job;
- Working within an international environment;
- Working within a young, fast growing and multi-cultural organization;
- Working within a company that is certified as "Great Place To Work";
- Various training and development opportunities;
- A competitive salary and excellent secondary employment conditions.

We are looking for a Market Intelligence Manager who has:

- a MSc-degree Data Analysis with majors in Finance and/or Economics;
- Proven experience (> 3 years) in Market Intelligence, financial Analysis or related field;
- Proven leadership experience, with the ability to motivate and inspire a team;
- Excellent analytical and communicative skills with the ability to translate complex data into actionable insights;
- The following competences: Teamwork, Effective Communication, Management and Responsibility, Leadership, Focused and Initiative, Customer focus, Relationship building, Analytical, Financial Awareness;
- A good knowledge of related software and tools: Excel/Power BI Query and coding languages such as Python is required.
- Is fluent in English.
