

NUMIDIA

YOUR EXPERT PARTNER IN DAIRY

For the Finance Reporting & Analysis Department at our HQ in Herten (Roermond) in the Netherlands, we are looking for a

Business Intelligence Analyst (M/F) Fulltime

If you are interested in a challenging, international and dynamic function in a fast-growing organization, we are looking for you!

The position

As a Business Intelligence Analyst you are the linking pin between the Finance Reporting & Analysis and (Derivatives) trade department. It is your task to research and analyze data and transform it into useful information for internal and external stakeholders. Moreover, you are developing models, performing risk analyses and are responsible for the automation of processes. In this position, you can have a key role in the development of data streams and the information streams within the company by providing top level insights retrieved from the market. You will also have a role in the day-to-day operations of the finance reporting & analysis team. Most notably in treasury and risk management.

Tasks and responsibilities

- Execute maintenance and updates on trade and financial reporting;
- Development of machine learning and Artificial Intelligence (AI) applications in the organization;
- Structuring data(base) in and across department to take advantage of automation and robotics;
- Take care of a correct and timely information transfer to the departments and install Early Warning Systems (EWS);
- Report position, VAR and M2M, and inform and report to position holders and Management;
- Attending seminars, workshops and stay informed of new academic literature in applicable fields.
- Be part of the day-to-day future operations process.
- Be willing to support the finance department in core finance tasks.

We offer

- 💡 Challenging job within a young, international company with a strong growth ambition
- 🏆 Proud to be certified as a Great Place to Work – join a culture where people come first!
- 🏢 A fantastic new office – inspiring & modern
- 📅 27 vacation days, increasing to 30 in the coming 3 years
- 🚗 Travel allowance
- 💰 Full pension contribution – paid by Numidia
- 🍽️ Unique perk: Fresh lunch 3x per week – together with your colleagues
- 📈 Continuous development opportunities – grow your expertise and career

We are looking for a Market Intelligence Analyst who

- Has a BSC/MSC degree;
- Excellent Analytical and communicative skills;
- Possesses the following competences: Teamwork, Effective Communication, Management and Responsibility, Leadership, Focused and Initiative, Customer focus, Relationship building, Analytical, Financial Awareness;
- Has good knowledge of related software and tools. Affinity with Excel/Power BI Query and coding languages such as Python is required. Training on the job is possible.
- Is fluent in English.

About Numidia

Numidia is a dynamic company, specialized in the international trade of quality dairy products (butter, cheese, milk powders, liquids, etc.), dairy related ingredients and dairy derivatives. Our clients and suppliers are located worldwide. Numidia has, next to the HQ in The Netherlands, offices in Montevideo, Dallas, and Singapore. We have built a strong track record in dairy industry and with our market- and product expertise, a personal and pro-active approach and we strive for operational excellence with people who make the difference in all areas. Our core values are transparency, reliability, flexibility, authenticity and long-term relationships.
